

NURSERY REMOTE LEARNING PLAN

Date: 18th January 2021

Holy Family RC Primary School

Story time

This week we will be thinking a little about the weather.

Listen to the story Kipper's Rainy Day here. Which animals love the rain?

<https://www.youtube.com/watch?v=eo--xDhoVuw>

The word to listen for is splash/splashing! Splashing is the sound something makes when it falls into a liquid such as water.

Ask your child "What do we do when it is a rainy day?"

Are there any puddles to explore today? See if you can make a splashing sound. Remember to wear your wellies and waterproofs!

Umbrella

Talking opportunity: How do we stay dry in the rain?

Can you design and make an umbrella? You can do this in any way you like!

Phonics: Voice Sounds & Percussion

Listen to a section of this. Explore what noises you can hear e.g. Whoosh, boom, pitter patter.

<https://www.youtube.com/watch?v=nDq6TstdEi8>

Can you create your own rainstorm using sounds from your voice and body parts?

Thank you to all for engaging with our home learning ideas. The main things to keep doing are reading, talking as much as possible and singing your favourite songs and rhymes. Numberblocks and Alphablocks are good educational programmes to watch at home to support development.

Phonics play is also free currently. In nursery we focus on Phase 1:

Observing the weather

Last week I mentioned we would be making a weather chart to monitor what the weather is like through the week! What is the weather like today? Sunny, rainy, cloudy, stormy, hot, cold, warm?

Record it on your chart, you might need to record two types of weather – perhaps it is sunny AND rainy.

Additional activity: Could you make a rain gauge to measure how much rain falls where you live?
