

### RE

You could help your children by:

- talking about how the Holy Spirit helps us
- having a close look at the Paschal Easter candle when you are in Church.

### English

Can you draw and label each of the main characters from the story of Wind in the Willows? Can you write a short description about them? Could you create another creature that might live nearby? Draw, label and write a description of that one.

### Geography

Can you write a weather report based on the weekend weather? Watch a weather forecast. What do the weather symbols mean?

### Maths

Complete the maths mat in your homework book.

Practise saying the time and date at different times.

Learn when your birthday is. How many months or days do you have to wait?

### Wind in the Willows

This term our theme is based on the story The Wind in the Willows with a focus on the animals and their habitats. Complete as many of the activities as you can with your child by 23 May and please share them by putting them in their homework book, bringing in the finished product or by uploading photos or short videos to Tapestry.

### Reading

Please continue reading with your child every day. Our focus is on vocabulary this term. Ensure they understand what the words they read mean. Talk about good words, maybe keep a list to use in their writing.

### Creative

Can you make a 3D model of an animal or minibeast using junk materials for our display? Have fun!

### Science

Go on a minibeast safari! Look under pots or in the soil. What minibeasts can you see? Draw pictures or take photographs. What other minibeasts have you seen in your garden or at the park?

### Co-operation

Play a board game or turn taking game with a member of your family. Have fun!
